<input type="checkbox"/>	FBQ	<input type="text"/> is often applied at various levels of law enforcement in any community to know the situations of crime and ways to reduce it	crime analysis						eExam
<input type="checkbox"/>	FBQ	<input type="text"/> is a subfield in criminology and security studies	crime analysis	Crime					eExam
<input type="checkbox"/>	FBQ	The quality of the decision we make after our automated analysis largely determine the amount of success we record in the course of our <input type="text"/>	investigation	search					eExam
<input type="checkbox"/>	FBQ	The process of wrongfully labelling an innocent person as a criminal due to mistakes is the result of our automated data analysis is called <input type="text"/>	false positive errors	false-positive errors					eExam
<input type="checkbox"/>	FBQ	According to DeRosa, the process which involves transforming the data to make them useful is known as <input type="text"/>	data aggregation						eExam

<input type="checkbox"/>									
<input type="checkbox"/>	FBQ	The process through which we use computer to develop a large database is known as <input type="text"/>	data warehouse	data mart					eExam
<input type="checkbox"/>	FBQ	The introduction of <input type="text"/> system has really impacted positively on the task of data mining.	computing	computer					eExam
<input type="checkbox"/>	FBQ	<input type="text"/> is the tool to probe further as a search light to what may constitute an act of criminality	pattern-based queries	pattern - based queries, pattern - based query					eExam
<input type="checkbox"/>	FBQ	<input type="text"/> involves conducting our investigation by moving from unknown to known.	pattern-based queries	pattern - based queries, pattern - based query					eExam
<input type="checkbox"/>	FBQ	Link analysis is very popular among <input type="text"/> practitioners	public security	police					eExam
<input type="checkbox"/>	FBQ	One vital element of the subject based query is <input type="text"/>	link analysis						eExam
<input type="checkbox"/>	FBQ	<input type="text"/> helps us in our analysis of data to have more information about the subject and gives a clearer picture of the subject.	subject-based query	subject - based query					eExam
<input type="checkbox"/>	FBQ	<input type="text"/> is the tool designated to find previously unknown knowledge through links, association and patterns in data.	automated data analysis						eExam
<input type="checkbox"/>	FBQ	<input type="text"/> is the process of analysing data from different perspectives and summarising it into useful information.	data mining	data-mining					eExam
<input type="checkbox"/>	FBQ	Another name for Knowledge Discovery in Database (KDD) is <input type="text"/>	data mining	data-mining					eExam
<input type="checkbox"/>	FBQ	<input type="text"/> is very helpful to unravel secrets in organised crimes like terrorism, assassination, armed robbery and electoral practices.	data mining	data-mining					eExam

<input type="checkbox"/>								
<input type="checkbox"/>	FBQ	These tools above are effective tools for applications in crime prevention and _____	detection					eExam
<input type="checkbox"/>	FBQ	The _____ threats include hurricane, earthquake, drought and flood.	Nature	Natural				eExam
<input type="checkbox"/>	MCQ	Authentication is a technique in which we create_____	computer	cyber	password	package	C	eExam
<input type="checkbox"/>	MCQ	Before the advent of internet ,computer virus were usually spread through _____	cyber	flash disk	mps	floppy disks	D	eExam
<input type="checkbox"/>	MCQ	One type of the anti-virus softwares in the market today is_____	AGV	GAFEE	AVG	GVA	C	eExam
<input type="checkbox"/>	MCQ	History has shown that the first public virus removal task was performed in_____	1987	1908	2008	1808	A	eExam
<input type="checkbox"/>	MCQ	History has shown that the first public virus removal was performed by_____	Bernard fix	McAfee	james fix	Bernt fix	D	eExam
<input type="checkbox"/>	MCQ	Rapid rate of industrialisation is one of the factors responsible for the problem of _____in communities	physical pollution	environmental pollution	earthquake	house pollution	B	eExam
<input type="checkbox"/>	MCQ	When contaminations cannot be processed and neutralised by environment we experienced _____ pollution	biological	chemical	environmental	air	C	eExam
<input type="checkbox"/>	MCQ	The progressive destruction and less capable of sustaining vegetation is_____	desertification	rainfall	pooryield	hunger	A	eExam
<input type="checkbox"/>	MCQ	One of themajor environmental threats is _____	rainfall	poor yield	hunger	desertification	D	eExam
<input type="checkbox"/>	MCQ	The first phase to the incidence of hurricane is_____	tropical disturbance	tropical depression	tropical storm	heavy rainfall	A	eExam
<input type="checkbox"/>	MCQ	A hurricane is a type of tropical _____	cyclone	cycle	cymber	cyber	A	eExam
<input type="checkbox"/>	MCQ	Another name for earthquake is_____	treble	terrible	trembor	tremor	D	eExam

<input type="checkbox"/>								
<input type="checkbox"/>	MCQ	The god of earthquake in Greek mythology is _____	poison	poseidon	pidsons	possession	B	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	Among the Greeks, earthquake is said to be caused by _____	poseidon	poison	possession	pidsons	A	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	Tsunami is usually mounted by some geological conditions like _____	energy losses	earthquake	property	ocean	B	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	Another word for "tsunami" is _____	flood	thunderstorm	terrorism	wave	D	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	One great obstacle to the use of most of the warning facilities is the erratic nature of _____ in Nigeria	power supply	communication	systems	Hospital	A	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	An effective public warnings in responding to disaster reduces _____	fatality	development	risk communication	warning	A	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	who said that a method by which awareness and understanding can be translated into action include a range of activities _____	Amanda	shalamar	luhman	whotton	A	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	Preparedness is the key element of civil security which has the view to _____ violence	prevent	support	provide	increase	A	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	Element of preparedness in civil security approaches includes _____	adoption of monouse	adoption of nearness	adoption of dual use	adoption of terror	C	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	One of the two issues that determine the existence of risk is the _____	provision of Health	provision of risk	provision of infrastructures	provision of utility	D	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	The civil security which has adequate knowledge of incidence of risk through the process of risk education is _____	through incident	warming	pre-incident	protective actions	C	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	One of the various approaches which involves a network of activities is _____	pre-incident	risk educators	risk communication	preparedness	A	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	According to _____ civil security includes a better interdepartmental coordination	El-shamar	El-shalamar	shamar	shalamanov	D	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	The terrorist attacks into the world trade center was linked to _____	BokoHaram	Al-Qaeda	Shiite	Al-shabab	B	<input type="button" value="eExam"/>
<input type="checkbox"/>	MCQ	If there is no provision of sufficient security at the seaport, this causes _____ in that country	proliferation of weapons	proliferation of ports	proliferation of sea	proliferation of airport	A	<input type="button" value="eExam"/>

<input type="checkbox"/>								
<input type="checkbox"/>	MCQ	The _____ threats include armed robbery, assassination, computer intrusion, information hacking and corruption.	Manmade	Nature	Nurture	Friction	A	eExam
<input type="checkbox"/>	MCQ	The central focus of computer security is the techniques that enhance the correct_____	security	process	information	operation	D	eExam
<input type="checkbox"/>	MCQ	The capacity of any human and non-human elements to destroy the vital interests of others considered as targets is _____	Security threat	economic terrorism	social threat	Emotional threat	A	eExam
<input type="checkbox"/>	MCQ	who said that enemies may hide destructive objects in containers which they later use against a country _____	Green berg	Yellow berg	Blue berg	White berg	A	eExam
<input type="checkbox"/>	MCQ	Infrastructure security is designed to provide protection for critical infrastructures such as _____	savanah bank	keystone bank	first bank	central bank	D	eExam
<input type="checkbox"/>	MCQ	In physical security,-is installed for surveillance and notification_____	cigar detectors	smoke detectors	flash detectors	dark detectors	B	eExam
<input type="checkbox"/>	MCQ	Due to the Revolution in modern technology some computers demand-information before an access is_____	Biometrics	chemimerics	physiometrics	sociometrics	A	eExam
<input type="checkbox"/>	MCQ	what is the measures used to provide physical protecton of resourses against deliberate and accidental threats_____	social threat	physical security	political security	Health security	B	eExam
